

SUPREME COURT OF NEW JERSEY

By [March 25, 2020 Order](#), the Court temporarily relaxed the provisions of Rule 1:6-4 (“Superior Court; Place for Filing Motions, Orders to Show Cause and Orders”) so as to suspend the requirement that, in addition to filing all Civil motion papers, orders to show cause, and orders, attorneys must also simultaneously submit to the judge a copy of all motion papers. In subsequent Orders, including the [April 24, 2020 Clarifying Order](#), the Court further refined the suspension of that courtesy copy requirement and established a comparable provision for the Family Division.

The temporary rule relaxation was implemented in response to various pandemic-related adjustments that now have concluded.

Accordingly, it is ORDERED that the temporary suspension of the courtesy copy requirement for Civil and Family matters, as set out in the Court’s March 25, 2020 and April 24, 2020 Orders and subsequent orders, is hereby rescinded effective January 1, 2023.

For the Court,

Chief Justice
