

NOTICE TO THE BAR

JUDICIARY WI-FI IN COUNTY COURTHOUSES – USE BY ATTORNEYS

The Judiciary Information Technology Office is upgrading the wireless infrastructure in all Superior Court courthouses. As part of this statewide project, we are discontinuing the wireless network (Wi-Fi) that attorneys have been using in courthouses (“NJ-Attorney”). Attorneys will instead now be able to use the same Judiciary wireless network that the public uses in each of the courthouses: “<county name> Judiciary PublicWifi”. Attorneys using this public Wi-Fi will no longer need to enter their User ID and password, though, however, like the Public, they must accept the End User Agreement to access the wireless network. This change will go into effect on Monday, June 3, 2024.

Hon. Glenn A. Grant, J.A.D.
Acting Administrative Director of the Courts
